City.

to suit your taste, leave your order at thing that would further the project of Oasis. J6-ti better sanitary condition regenerally.

It is no longer a theory that cleanliness of cities is a gigan tic power in the prevention and destruction of disease and its germs, and it is by far the best house, Quality Hill; good location. Ap- antisoptic known and the most employed by the sanitarian of today.

A reference to the world's pestholes, without taking into account the sacred Ganges, where death lurks in its filthy waters and where y arly thousands of ignorant and superstitious people find their graves, but in cities for centuries under surveidance of a civilized people, the mortuary records were horrifying up to a short period ago, when the agi-Capable of taking full charge of con- tation became general for better sanistruction gang on any kind of buildings. tary measures. New Orleans, now considered a comparatively healthly city, M9-tf was one; Mexico City, Guanajuata, Mexico, and many others that were regarded as deathtraps, have of late years lowered their mortuary statistics by balf, without calculating on a ratio of increased population.

That cleanliness is magic in its effectiveness was demonstrated at Santiago de Cuba and at Havana by our sanitary corps of the army. The death rate that had got to be appalling a nong the soldiers was reduced in a short time to the normal or what was naturally expected among an unacctimated people. frame building formerly occupied by B. The cleaning up of these two old cities F. Graham & Co., and will tear toe that had lain in their fifth for centuries, same down and remove it to upper has shown to the advantage of the natives also among whom there is less George Shibley has returned from sickness and mortality than before in

Bisbee, it is understood, does not quite furnish a parallel case with any of the above cities, but is plenty-bad enough. Every summer there are hundrads of cases of a virulent type of contagious and infectious diseases.

There is no doubt that they are contracted by breathing into the lungs the fetid air that comes up from the guiches and cesspools and the decayed herbaceous matter that is thrown into the rear of Main street from restaurants and sa-

"A pound of prevention" can be easily applied in Bisbee's case, and with a very small expenditure it can be made one of the cleanest and most healthful towns in the west

In Durance Vile.

For several days Prescott people have been "worked" by a female solicitor on the representation of being not only deformed, but likewise penniless and homeless. In addition to these "hard luck" stories, the woman gave as a reason for her soliciting money, that she wished to go to school to complete her studies in shorthand and typewriting, and had the usual number of backneyed stories to back up her mission with. Last evening, however, while bumping around town, Judge Bauder received a letter and a telegram from California, which stated that this particular woman was not a "kid" as she says she is, but a grown woman in short skirts, no deformity in her linbs, and night in the city jail. She will have a found all kinds of money, and in addition it was established that the woman's mission is a most immoral one .- Jour-

nal-Miner. This is no doubt the ame individual who was in Bisbee not long since and imposed on the good nature of our citizens. During the performance at the opera house by the school children she went among the sudience and collected quite a sum of money. Such impostors as this deserve to be severely punished and we hope the Prescott justice did his duty in this case.

Yery Unusual

It is very unusual for a regular physician of good reputation to publicly endorse a proprietary remedy. We have often heard of cases where doctors have secretly prescribed Acker's English Remedy, but it is most gratifying to receive the following voluntary letter from C. F. Smith, M. D., the most successful physician of Olean, N. Y.:

"Messrs. W. H. Hooker & Co.,
New York City: I wish to add my professional testimony to the value

professional testimony to the value of your English preparation known as Acker's English Remedy for Asthma, etc. In several instances, after I have tried my utmost to give relief, I have prescribed your rame____. and it has acted almost like a miracle,

not only relieving, but permanently curing every one of the patients. I endorse the preparation as one of the most valuable additions to the practice of medicine." Such a frank endorsement as the

above is phenomenal. Coming from so distinguished a member of the medical profession, it carries with it an assurance which the public will be sure to avail themselves of. It is recommendations like this which make it possible to give the broad guarantee that is a part of every sale of Ack-

er's English Remedy for Coughs, Colds, Asthma, Bronchitis and Consumption. It must either do all that is claimed for it, or your money will be refunded. Do you know of any other medicine sold on those terms? Do you know of any other medicines which prominent doctors regularly prescribe in their own practice as being better no prescriptions they write themselves? These facts are well worth considering. They are of especial interest to those with sore throats and weak lungs.

Sold at \$50., 50c. and \$: a bottle, throughout the United . tates and Canada; and in England, at :s. 2d., 2s. 3d., 4s. 6d. If you are not satisfied after buying, return the bottle to your druggist, and get your money back. We authorise the above guarantee. W. H. HOOLER & CO., Proprietors, New York.
